

LCSD BOARD

JANUARY 2022

SPOTLIGHT

Lakeland Catholic Schools Wellness Focus

Not only is LCSD highlighting the importance of the overall wellness of staff through the creation of a committee dedicated to staff wellness, the division has also zeroed in on their student's mental health through the Mental Health Matters Campaign including Bell Let's Talk Day and an ongoing Poster Contest.

Trustees Awarded by ACSTA

The Alberta Catholic School Trustee's Association is recognizing two LCSD trustees this year. Vicky Lefebvre is receiving the Faithful Steward Long Service Award for 20 Years of Service and Mary Anne Penner is being recognized with the Meritorious Service Award. Congratulations!

Student Learning Always a Priority

Goal Two of Lakeland Catholic's Three Year Education Plan involves four key outcomes: Literacy, Numeracy, Early Learning, and Innovative, Relevant, and Experiential Programming. LCSD ensures student success beginning with a strong foundation for learning and continuing with an array of curricular and extra-curricular programming.

With the assistance of Dr. George Georgiou, LCSD has begun literacy intervention with Grade 2 and 3 students in need of additional supports. Over 300 students are currently benefiting from this programming.
